

Advanced Telepresence LLC Selected by Google as Google Apps Authorized Reseller

GREENVILLE, N.C., July 28 -- Advanced Telepresence LLC of Greenville NC today announced it has been selected as an authorized reseller of the Google Apps(TM) suite of communication and collaboration tools. As an early adopter and strong advocate of cloud computing, Advanced Telepresence LLC is enthusiastic at the opportunity to deliver the power and ease of use of Google Apps, now used by over 1.75 million companies worldwide, to all scale businesses.

"The Google Apps Reseller program strengthens our relationship with Google and allows us to add substantial value to customers" said Ryan Butcher. "Harnessing the might of Google for use in private business saves our customers resources and increases productivity, all while improving availability and accessibility of critical applications."

Google Apps brings simple, powerful communication and collaboration tools to organizations. With Google Apps, users can use applications such as Gmail(TM) webmail service, Google Talk(TM) instant messaging service, Google Calendar(TM) calendaring service, Google Docs(TM) program, Google Sites(TM) web application, and Google Video(TM) for business on their own domain to work together more effectively. Best of all, it's all hosted by Google, so there's no hardware or software to download, install or maintain.

The Google Apps Reseller program includes resellers, consultants and independent software vendors that sell, service and customize Google Apps Premier Edition for their customers. Advanced Telepresence LLC receives training, support and deployment services from Google, as well as access to APIs for integrating Google Apps into their customers' business operations.

Founded in 1999, Advanced Telepresence LLC provides comprehensive and objective IT consulting services worldwide. Further information can be found at www.advancedtelepresence.com
